

ASTM 5083 ASTM Embossed Aluminum Tread Plate Diamond Plate 500mm

Our Product Introduction

Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: LIANZHONG
- Certification: ISO9001
- Model Number: 1000series, 2000series, 3000series, 5000series, 6000series, 7000series
- Minimum Order Quantity: 3ton
- Price: Negotiable
- Packaging Details: Exporting package/wooden box package etc
- Delivery Time: 3-15 days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 20000 Ton/Tons per Month

Product Specification

- Application: Marine
- Model Number: 5083
- Standard: ASTM, JIS, AISI, DIN, EN, GB
- Width: 500mm-2440mm
- Delivery Time: Within 7 Days
- Keyword: Aluminum Checkered Plate
- Highlight: **5083 embossed aluminum diamond plate, ASTM aluminum embossed plate, embossed aluminum tread plate**

Product Description

AISI 5083 Embossed Surface Aluminium Checkered Plate Used For Marine 500mm

5083 aluminum plate is the common aluminum plate type in shipbuilding aluminum alloy. 5083 aluminum plate stable performance, in seawater, steam and other environment can be very good corrosion resistance, durable. Currently, most shipbuilders purchase 5083 aluminum plates directly from manufacturers, and then weld and process them to form the structural parts of the hull.

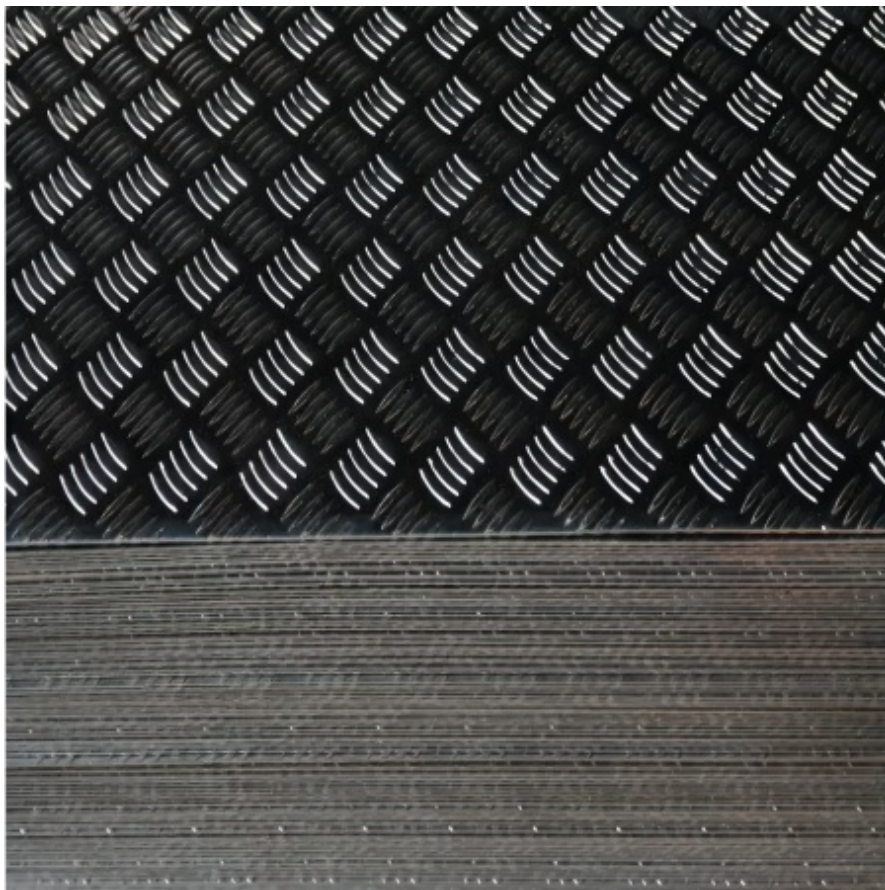

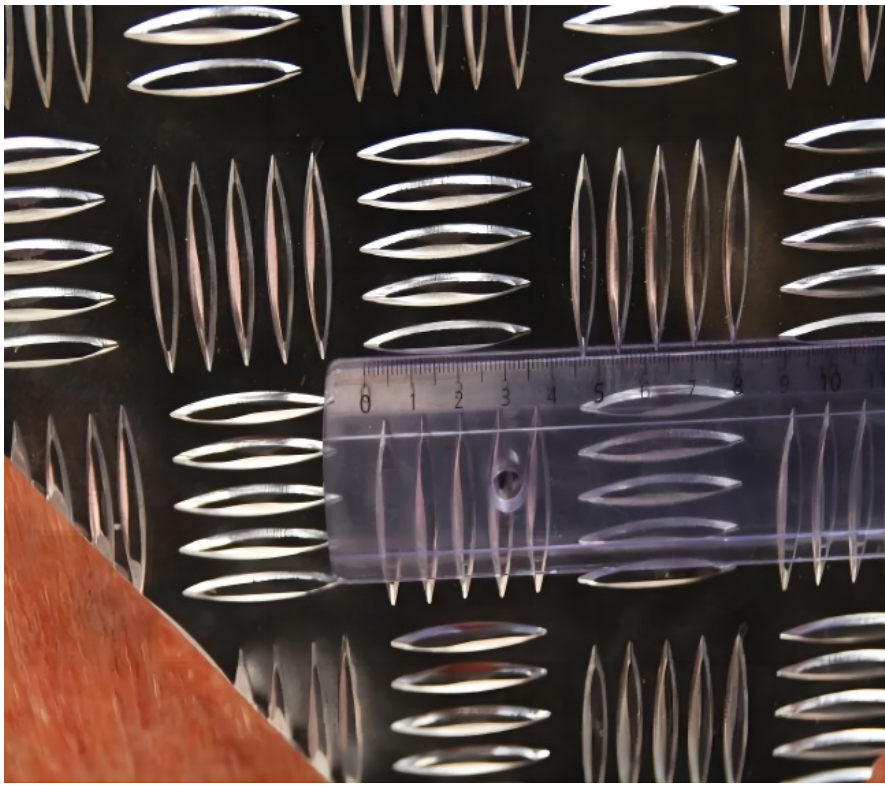

Applications: buildings, vehicles, ships and other anti-skid flooring, decorative decoration, etc

The main purpose of the pattern aluminum plate is anti-skid and decoration, often used in cold storage, ships, carriages, stairs and other special places; In addition, it is widely used in furniture, such as refrigerators, air conditioners, carriages, platforms, packaging pipes, screen skeletons, all kinds of hanging beams, table feet, decorative strips, handles, trough and cover, chair tubes and so on.

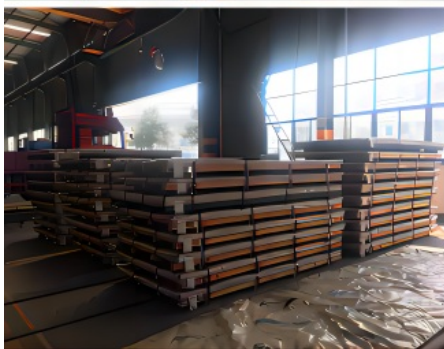

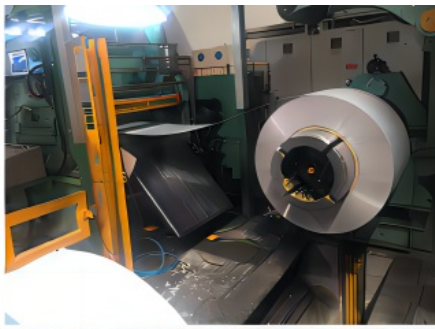

Checkered aluminum coil/sheet	
International standard	ASTM specification -- American Society for Testing Materials specification.
Common aluminum alloy	1 series, 3 series, 5 series, 6 series
Thickness	0.15-200mm
Width	500-2440mm
Length	2000-6000mm
Coil ID	508/610mm
Temper	H, O, T, F
Standard Seaworthy Export Packing	plastic film, kraft paper, wooden pallet
Application	
1 series	Floors, interior walls, stairs, kitchen, bathroom, garage, refrigerator, ceiling, corner line, and other Indoor decoration, external wall of building, wall panels and ceiling of the tunnel, advertising board display platform and signboard.
3 series	Series 3 aluminum plates can be used as a decorative wall, which has the advantages of easy cleaning and beautiful appearance. 3105 can be used for loading ramps, dock board, stair treads, structural anti-skid platform, equipment fabricate, or truck bed, bus/ambulance/fire truck anti-skid pedal, etc.
5 series	5 series is often used in special occasions, such as ships, trucks and other humid and corrosive environment. Aluminum has high hardness and has a certain load-bearing capacity. It can also be used on flyovers and stairs. In the toilet of train, high speed, subway, the floor of mobile dining car, even the wall of gym, freezing warehouse, refrigerating vehicle and anti-skid ship plate.
6 series	6 series aluminum diamond tread plate is widely used in equipment and machinery fabrication, welded structure, aluminum chequer plate flooring and fields requiring certain strength.
