

ASTM 5A06 H112 Aluminum Anodized Sheet 5083 5052 For Cookwares And Lights

Our Product Introduction

For more products please visit us on aluminium-sheetcoil.com

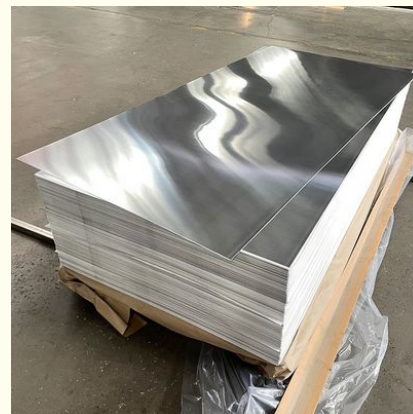

Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

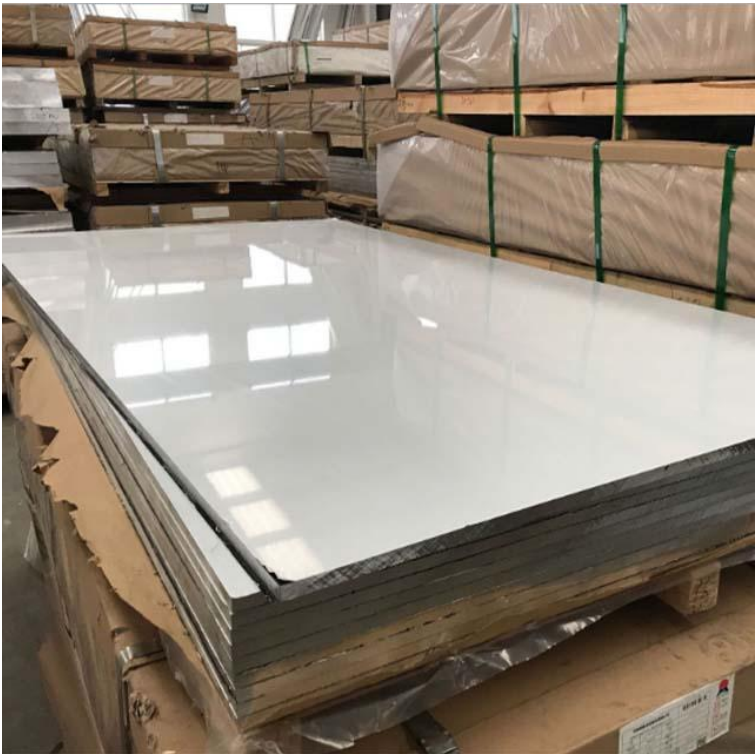

Product Specification

- Surface Treatment: Mill Finish, Anodized, Brushed, Embossed, Etc.
- Standard: ASTM, GB, EN, Etc.
- Trade Terms: FOB CIF CFR EXW
- Processing Technology: Hot Rolling, Cold Rolling
- Tolerance: $\pm 0.02\text{mm}$
- Application: Building Construction, decoration, Chemical Industry Container
- Hardness: H12, H14, H16, H18, H22, H24, H26, H32, H34, H36, H38, Etc.
- Package: Standard Export Package
- Highlight: **5A06 H112 Aluminium Sheet, ASTM Aluminum Anodized Sheet, Aluminium 5083 Sheet For Cookwares**

Product Description:

Aluminum sheet is an essential material in the construction, decoration, chemical industry, and other fields. The 5082 aluminum sheet, 6063 aluminum sheet, and 7075 aluminum sheet are all popular products in the aluminum sheet family. Our aluminum sheets are made through hot rolling and cold rolling processing technologies for a variety of applications, including building construction, decoration, chemical industry containers, and more. The surface of the aluminum sheet can be treated in various ways, including mill finish, anodized, brushed, and embossed. The standards of our aluminum sheets meet ASTM, GB, EN, and other global standards.

Technical Parameters:

Name	Value
Material	1050 Aluminum Sheet, Aluminum Sheet, 6061 Aluminum Sheet
Surface Treatment	Mill Finish, Anodized, Brushed, Embossed, Etc.
Color	Silver, Golden, Black, Etc.
Thickness	0.5mm-200mm Or As Required
Application	Building Construction,decoration, Chemical Industry Container
Trade Terms	FOB CIF CFR EXW
Standard	ASTM, GB, EN, Etc.
Length	1000mm-11000mm Or As Required
Shape	Flat Sheet
Processing Technology	Hot Rolling, Cold Rolling
Width	1000mm-2000mm Or As Required

Applications:

It is not only widely used in construction,bridges, railwaysvehicles ships and various machinery manufacturing industries,but also in

modern petrochemical industry, marine development and other aspects, it has also been widely used.

Support and Services:

We provide technical support and service for Aluminium Sheet. Our team of technical professionals are available 24 hours a day, 7 days a week to provide assistance in troubleshooting, product installation and product training. We offer free online tutorials, FAQs and troubleshooting tips to ensure our customers receive the best experience possible. Additionally, our team of customer service representatives are available to answer any questions you may have about our products and services.

Packing and Shipping:

Packaging and Shipping for Aluminium Sheet:

Aluminium sheet should be packaged in accordance with the industry standard. Generally, the sheet would be wrapped in a protective film and placed in a cardboard box with a polythene liner. The box should be labelled with the product name, weight, and other relevant information.

Shipping for the Aluminium Sheet should be done with care. The box should be placed in a secure container that is strong enough to hold the weight of the box and protect it from damage during transport. The container should be labelled with the shipping information and any other relevant information. The shipment should be tracked and documented for safety and customer satisfaction.

FAQ:

Q: What is the brand name of the Aluminum Sheet?-----

A: The brand name of the Aluminum Sheet is Chinalco.

Q: What is the model number of the Aluminum Sheet?

A: The model numbers of the Aluminum Sheet include 1050 1060 2024 5052 6061 6063 6082 7075 8011.

Q: Where is the Aluminum Sheet manufactured?

A: The Aluminum Sheet is manufactured in Jiangsu, China.

Q: What certifications does the Aluminum Sheet have?

A: The Aluminum Sheet has ASTM, GB and EN certifications.

Q: What is the minimum order quantity of the Aluminum Sheet?

A: The minimum order quantity of the Aluminum Sheet is 1 TON.
