

## Color Coated Aluminum Coil ASTM 1060 3003 3004 6MM For Building

### Our Product Introduction

#### Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

#### Product Specification

- Processing Service: Decoiling, Punching, Cutting
- Width: 100-1800mm
- Application: Industry, Construction, Decoration, Etc.
- Temper: O - H112
- Sample: Available
- Length: 100-6000mm
- Surface Treatment: Coated, Embossed, Anodized, Etc.
- Trade Terms: FOB CIF CFR EXW
- Highlight: **Color Coated ASTM Aluminum Coil, Aluminum 3003 Coil, Aluminum Coil 1800mm**

## Product Description

### Product Description:

Aluminium Coil is a popular material which is widely used in industry, construction, decoration and other applications. It is made from 6063, 5052 and 1060 Aluminum Alloy and processed by various techniques, including decoiling, punching and cutting, to get the desired shape and size for different purposes. The surface of the aluminium coil can be coated, embossed and anodized to meet different requirements. The aluminium coil is certified by Chinalco, the world-renowned brand, and is packaged in standard export packing for reliable and secure delivery.

5052 aluminium coil is also a popular alloy and is widely used in construction and decoration. It has excellent corrosion resistance and formability and is used for appliances and automotive parts. 1060 aluminium coil is another popular alloy of aluminium with a wide range of applications. It has good forming properties and weldability, along with high corrosion resistance and good electrical conductivity.

### Technical Parameters:

Parameter	Value
Color	Nature Color
Processing Service	Decoiling, Punching, Cutting
Surface Treatment	Coated, Embossed, Anodized, Etc.
Length	100-6000mm
Sample	Avaliable
Temper	O - H112
Hardness	≤90HB
Brand Name	Chinalco
Material	Aluminium
Thickness	0.2-4mm

Trade Terms	FOB CIF CFR EXW
Payment Terms	T/T(30% DEPOSIT) or 100%L/C at sight
Delivery Time	7-10 working days,according to your quantity

## Applications:

Aluminum coils find applications in many industries, including construction, automotive, aerospace, electrical, packaging, and more. They are used to manufacture a wide range of products such as building facades, roofing systems, gutters, heat exchangers, air conditioning systems, electrical conductors, cans, and foil.

SHIP TRANSPORTATION

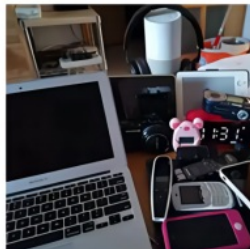

RAIL TRANSPORT

MECHANICAL PROCESSING

PETROCHEMICALS

CONSUMER ELECTRONICS

CAR MANUFACTURING

## Support and Services:

We provide technical support and service for Aluminium Coil..Our service covers the following areas:-----

- Product selection and design advice
- Installation and maintenance guidance
- Troubleshooting and problem solving
- Product performance evaluation
- Regular check-ups and maintenance

Our technical support team is highly experienced and equipped with the latest tools and technology to ensure that our customers get the best service possible. We strive to provide our customers with a comprehensive range of services that meet their needs and exceed their expectations.

## Packing and Shipping:

Packaging and Shipping for Aluminium Coil:-----

Aluminium Coils are wrapped in protective films with standard packaging.

The coils can be shipped in bundles or as individual pieces.

Palletizing and strapping can also be arranged when requested.

The coils can be shipped by air, sea, rail or road.

## FAQ:

Q: Do you provide samples ?How can I get a sample to check your quality? Is it free or extra?

A: Free samples are available for your checking and testing. And to get free samples, you need to send us your detailed receiving address (including post code) and your DHL/FedEx/UPS account for collecting samples, courier cost will be paid in your side.

Q: How is the quality of your products?

A: Our products are manufactured strictly according to national and international standard, and we take a test before delivered out. If you want see our quality certifications and all kinds of testing report, please just ask us for it.

Q: Are you factory or trader?

A: Our company has been manufacturing and selling steel products for many years since 2009. We've gained our Export Right and become an integrated company of industry and trade in order to satisfy buyer's multi-request on different material and products.
