

## Bright Finish Aluminium Rod Alloy Bar 7075 T6 75mm Diameter For Industrial Use

Our Product Introduction

For more products please visit us on [aluminium-sheetcoil.com](http://aluminium-sheetcoil.com)

### Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T(30% Deposit),L/C
- Supply Ability: 20000tons/year

### Product Specification

- Standard: JIS, AISI, ASTM, GB, DIN, EN, Etc.
- Trade Terms: FOB CIF CFR EXW
- Applications: Building Construction, decoration, Chemical Industry Container
- Surface Treatment: Polished
- Quality: We Can Accept The Third Party Inspection
- Color: Silver White, Black, Can Be Customized According To User's Requirements
- Highlight: **Bright Finish Aluminium Rod Alloy Bar, 7075 T6 Aluminium Rod Bar, 75mm Aluminium Rod Bar**

## Product Description

### Product Description:

Our 7075 Aluminum Rod is made from premium quality aluminum alloy, which is strong and durable. It is available in silver white and black color, and can also be customized according to user's requirements. This aluminum round rod is designed to meet the needs of various industries, such as construction, automotive, electronics, etc. This aluminum rod has excellent corrosion resistance, weldability, and formability. It is suitable for welding, drilling, tapping, and machining. The surface treatment can be anodizing, painting, polishing, etc.

### Features:

Product Name: 7075 Aluminum Rod

Length: 1000-11000mm Or As Required

Temper: O - H112

Surface Treatment: Polished

Material: Aluminium Alloy

Brand Name: Chinalco

### Applications:

It is widely used in automotive, aerospace, and military applications. It is also used to make furniture, curtain wall, window frames, and other industrial structures. It has good strength and is heat-treatable, making it highly suitable for a variety of applications.

### Support and Services:

Our technical support and services for Aluminium Rod include: -----

Providing technical assistance for installation and maintenance.

Providing information and guidance on the use and application of the product.

Providing technical advice on product selection and upgrades.

Providing technical advice on fabrication and machining.

Providing technical advice on welding and other joining processes.

### Packing and Shipping:

-----  
Aluminium Rods are packaged and shipped in secure cardboard boxes. All edges of the box must be taped with strong adhesive tape to ensure no damage to the product. All boxes should be clearly labelled with the name and address of both the consignee and consignor. All boxes should also be clearly marked with 'Fragile' and 'Handle with Care'.

The Aluminium Rods should be wrapped securely in bubble wrap or packing paper to ensure they are not damaged during transit. If shipping multiple quantities of the same type of Aluminium Rod, they should be organised into groups and each group should be secured with a band.

## FAQ:

### ▼ Q&A-of-Aluminium-Rod-----

Q1: What is the brand name of the Aluminium Rod?

A1: The brand name is Chinalco.

Q2: What are the available model numbers of the Aluminium Rod?

A2: The model numbers are 1050 1060 2024 5052 6061 6063 6082 7075 8011.

Q3: Where is the place of origin of the Aluminium Rod?

A3: The place of origin is Jiangsu China.

Q4: What certificates are available for the Aluminium Rod?

A4: We provide ASTM GB EN certificates.

Q5: What is the minimum order quantity for the Aluminium Rod?

A5: The minimum order quantity is 1 TON.
