

## ASTM 6063 Aluminum Alloy Pipe 6-20mm Customized For Building Material

Our Product Introduction

For more products please visit us on [aluminium-sheetcoil.com](http://aluminium-sheetcoil.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

### Product Specification

- Alloy Or Not: Alloy
- Wall Thickness: 1-20mm Or As Required
- Length: 1000mm-11000mm Or As Required
- Color: Silver
- Shape: Round
- Material: Aluminium
- Highlight: **ASTM Aluminum Alloy Pipe,  
Aluminum Alloy Pipe 20mm,  
ASTM 6063 Aluminum Pipe**

Product Description:

Aluminum alloy pipes are highly praised for their excellent strength, corrosion resistance, durability, and light weight. Our aluminum pipe is made from 6061 aluminum alloy, offering excellent weldability, formability, and machinability, making it an ideal choice for a wide range of applications. With the Third Inspection accepted, we provide available samples for customers to test. Moreover, we can provide processing services such as bending, decoiling, welding, punching, and cutting to meet your requirements. The aluminum alloy pipes come in silver color and in lengths from 1000mm to 11000mm or as required.

Technical Parameters:

Attribute	Details
Wall Thickness	1-20mm Or As Required
Material	Aluminium
Place of Origin	CHINA
Trade Terms	FOB,CIF,CFR,EXW
Length	1000mm-11000mm Or As Required
Color	Silver
Place of Loading	Shanghai Port
Test	We Can Accept The Third Inspection.
Out Diamater	2-50mm Or As Required
Payment Terms	T/T,L/C

## Applications:

It is widely used in industries such as automobiles, ships, aerospace, aviation, electrical appliances, agriculture, electromechanical and household appliances.

## Support and Services:

We provide technical support and service for Aluminium Pipe. Our technical team is available round-the-clock to help with any issues you encounter. Our services include, but are not limited to:

Installation and maintenance advice

Assistance with troubleshooting

Answers to technical questions

Product upgrades and updates

Training and education

Replacement parts and components

## Packing and Shipping:

Aluminium pipes are shipped and packaged in a way that ensures their safety and efficiency during transportation. The pipes are usually wrapped in plastic wrap and then placed into cardboard boxes. The boxes are sealed to protect the pipes from any moisture or other elements that may cause damage. For larger orders, the pipes may be placed into wooden crates for added protection.

The packages are then labeled and shipped via a reliable courier service. The courier will be able to provide tracking numbers for each package so that customers can monitor the shipment of their order.

## FAQ:

Q1: Do you provide samples ?How can I get a sample to check your quality? Is it free or extra?

A1: Free samples are available for your checking and testing. And to get free samples, you need to send us your detailed receiving address (including post code) and your DHL/FedEx/UPS account for collecting samples, courier cost will be paid in your side.

Q2: How is the quality of your products?

A2: Our products are manufactured strictly according to national and international standard, and we take a test before delivered out. If you want see our quality certifications and all kinds of testing report, please just ask us for it.

Q3: Are you factory or trader?

A3: Our company has been manufacturing and selling steel products for many years since 2009. We've gained our Export Right and become an integrated company of industry and trade in order to satisfy buyer's multi-request on different material and products.
