

## 7075 T6 Aluminium Alloy Pipe Round Tube ASTM 30mm 50mm Anodizing Surface

Our Product Introduction

For more products please visit us on [aluminium-sheetcoil.com](http://aluminium-sheetcoil.com)

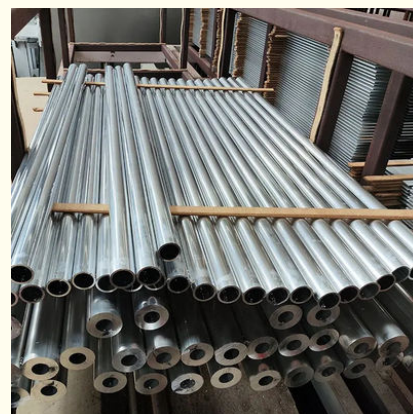

### Basic Information

- Place of Origin: CHINA
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

### Product Specification

- Product Name: Aluminum Pipe
- Shape: Round,square,rectangle
- Wall Thickness: 1-20mm Or As Required
- Out Diamater: 2-50mm Or As Required
- Application: Industrial,construction
- Alloy Or Not: Alloy
- Highlight: **Anodizing Aluminium Alloy Pipe,  
7075 T6 Aluminium Alloy Pipe,  
50mm Aluminium Tube Pipe**

## Product Description

### 7075 T6 Aluminium Pipe Alloy Round Tube ASTM Standard 30mm 50mm Diameter Anodizing surface

#### Product Description

Aluminum tubing is lightweight, yet moderately strong with corrosion resistance and good welding and finishing characteristics. Tubing can be bent, welded, or brazed. Aluminum tubing is commonly used in transportation, marine, and appliance applications.

Item	Aluminum Pipes			
Size / Thickness	General profiles thickness from 0.8 to 5.0mm, length from 3m-6m or customized available; Anodize protection film thickness from 8~25 um, powder coating from 40 ~ 120 um.			
Shape	Square	Round	Rectangular	Customized
Application	Products are widely used in automatic production lines of intelligent equipment such as industrial, automobiles, packaging, lithium batteries, 3C, optics, medical care and so on.			
Surface Treatment	Anodizing	Brushing	Sandblasting	
Colors	Ref powder coating color sheet and customized color available			
Deep Process	CNC	Drilling	Milling	Cutting
Certificate	ISO9001, HPSA, 30+ Patents, High Tech Enterprise Certificate, ect.

## Factory

## Applications

## Support and Services

We provide comprehensive technical support and service for all of our aluminum pipe products. Our team of experienced

engineers provides comprehensive support for any issues you may have, including installation and maintenance. We also provide product testing and analysis to ensure that all of our products meet industry standards. Our knowledgeable team of customer service representatives are available to answer any questions you may have and provide assistance with any problems you may encounter.

## Packing and Shipping

The aluminium pipes will be securely packaged in cardboard or wooden boxes.

They will be protected with thick foam padding inside the boxes.

The boxes will be sealed with strong adhesive tape.

The packages will be shipped via airfreight or sea freight, depending on the destination.

The packages will be marked with "Fragile" labels.
