

6061 6063 ASTM B429 Aluminum Tube 1mm 2mm Round Pipe 30mm Polished Surface

Our Product Introduction

For more products please visit us on aluminium-sheetcoil.com

Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

Product Specification

- Material: Aluminium
- Shape: Round
- Color: Silver
- Surface Treatment: Polished
- Out Diameter: 2-50mm Or As Required
- Alloy Or Not: Alloy
- Test: We Can Accept The Third Inspection.
- Sample: Available
- Highlight: **6063 Aluminum Tube 2mm, ASTM B429 Aluminum Tube, Polished Surface Aluminum pipe Tube**

Product Description

Product Description:

Aluminium Pipe is a type of pipe made from 1060 Aluminum. It has many advantages, such as high corrosion resistance, light weight, and excellent formability. With a silver color, it is available in different sizes and shapes for customers to choose from. It is made of pure aluminum alloy and is widely used in industrial and construction applications. Aluminum Pipe has a high strength-to-weight ratio and is well suited for a variety of fabrication processes, such as welding, drilling, and tapping. It has good thermal and electrical conductivity, and is also highly resistant to corrosion. Besides, it can be used in a wide range of temperatures, and it is non-toxic and non-magnetic.

Technical Parameters:

Parameter	Value
Material	Aluminum Alloy Pipe
Shape	Round
Place of Origin	CHINA
Length	1000mm-11000mm or as customized
Color	Silver
Surface Treatment	Polished
Out Diamater	2-50mm or customized
Alloy or not	Alloy
Place of Loading	Shanghai Port
Test	We can accept the third inspection.

Product Detail:

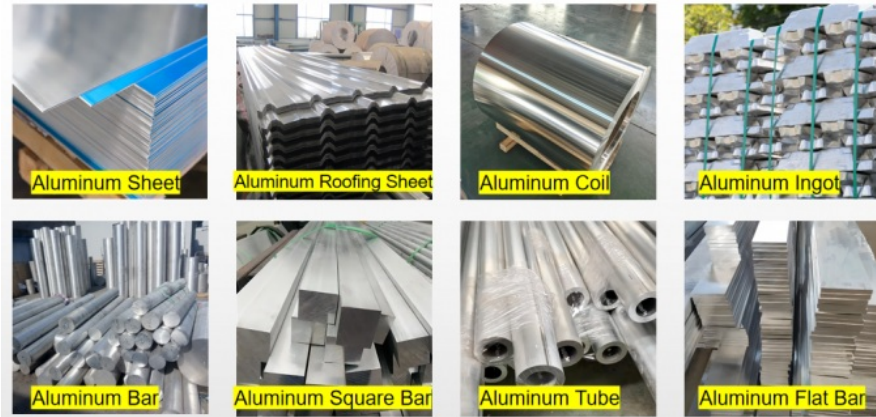

Applications:

It is made of pure aluminum alloy and is widely used in industrial and construction applications.

Recommend Products:

Factory:

Support and Services:

24-hour online service for any technical questions.
 Provide professional guidance of using Aluminium Pipe.
 Regularly check the quality of Aluminium Pipe.
 Resolve any problems related to Aluminium Pipe.

Packing and Shipping:

Aluminium pipes are packaged and shipped in protective plastic tubes or cartons with appropriate labeling. Each tube is sealed with a plastic cap to prevent any damage during transit. In addition, the tubes are labeled with the product name, size, volume, and weight, as well as any other relevant information.

FAQ:

1.How can I get a quotation from you?

A:You can leave us message,and we wil reply every message in tiome.Or we may talk on line by our trade manager.Ad you can also find our contact information on contact page.

2.Can you suply what is the service?

A:we are manufacture,we have 12 years experience for supply Metal material and products in domestic. We can supply the kinds of metal material and products,and we also can supply other process services.

3.What about your the fast lead time if we place order?

A:In general,our delivery time is within 7-15 days,and may be longer if the quantity is extremely large or special circumstances occur.
