

Alloy Alu Plate T651 7075 Aluminium Sheet 1060 T6 Hairline Finish 10mm

Our Product Introduction

For more products please visit us on aluminium-sheetcoil.com

Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

Product Specification

- Processing Technology: Hot Rolling, Cold Rolling
- Package: Standard Export Package
- Material: Aluminium
- Application: Building Construction, decoration, Chemical Industry Container
- Trade Terms: FOB CIF CFR EXW
- Hardness: H12, H14, H16, H18, H22, H24, H26, H32, H34, H36, H38, Etc.
- Surface Treatment: Mill Finish, Anodized, Brushed, Embossed, Etc.
- Standard: ASTM, GB, EN, Etc.
- Highlight: **Hairline Finish Aluminium Plate Sheet, Alu Alloy Plate T651, 7075 Aluminium Sheet 10mm**

Product Description

Product Description:

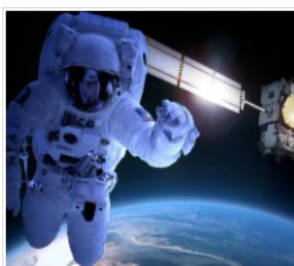

Aluminium Sheet is a kind of metal sheet made of aluminium material. It has toughness, corrosion resistance and workability. It is widely used in construction, decoration, electronic products, automotive industry and other fields. Generally, aluminium sheet is divided into 1060 aluminium sheet, 6063 aluminium sheet, 5082 aluminium sheet and other alloys according to different alloying elements. The hardness of aluminium sheet is H12, H14, H16, H18, H22, H24, H26, H32, H34, H36, H38, etc. The material of aluminium sheet is aluminium. The tolerance of aluminium sheet is $\pm 0.02\text{mm}$. The surface treatment of aluminium sheet is mill finish, anodized, brushed, embossed, etc. The length of aluminium sheet is 1000mm-11000mm or as required.

Features:

Grade	1060,1200,1100,2024,2124,3003,3004,5050,5083,5154,5454,5652,5086,5056,5754,6061,6062,6063,7075,etc.
Standard	ASTM,JIS,SUS,DIN,GB,EN,etc.
Thickness	1-20mm ,contact us for exact value.
Length	3000mm(mostly), 2500mm, Can cut to short sizes.
Surface	Bright,polished,hair line,brush,embossed,etching,color coated,painted,etc
Process	Extrusion, Smooth Surface.
Optional Service	Cutting, Anodizing, Custom-made.
Package	Export wooden pallets, Plastic film,(ship by sea)

Applications:

Aluminium sheet is a lightweight, corrosion-resistant material with a silver-grey finish. So it can be used in a wide range of applications, such as construction, transportation, electronics, packaging, and more.

For aerospace parts

Sign boards

Welding

Car manufacturer

Shipbuilding

carriage

Support and Services:

We provide technical support and services for Aluminium Sheet. Our technical team is highly experienced and knowledgeable in the industry and can provide you with comprehensive advice and assistance when it comes to selecting the right product for your needs. We also offer technical support throughout the entire production process, from the initial design to the final assembly of the product. We are committed to providing the highest level of customer service and are always available to answer any questions or concerns you may have.

Packing and Shipping:

Aluminium sheet is packaged and shipped in a manner that keeps it in excellent condition until it reaches its destination. It is typically packed in either cardboard or wooden boxes that are designed to protect the aluminium sheet from dents, dirt, and moisture. In order to ensure that the aluminium sheet is not damaged during shipping, the boxes are secured and placed in an outer packing container. This outer container is usually made of cardboard, wood, or plastic and is designed to further protect the aluminium sheet from the elements. Specialized packaging materials, such as bubble wrap, may also be used to protect the aluminium sheet.

Certificate:

FAQ:

Q1: Can I get some samples?

A: Can provide small samples for free. Customized sample takes 5-7 days.

Q2: How about the delivery time?

A: Small trial order takes 5-7 days. Container order need 15-20 days.

Q3: Do you have any protection when packing?

A: Cover with PE film, wrap with waterproof paper, pack with wooden plate, belt by steel strip, fasten on pallet.

Q4: What's the terms of delivery?

A: EXW, FOB, CFR, CIF.
