

3 Inch Thickness 7075 Aluminum Tubing Black Anodized Welded Alloy Silver Color

Our Product Introduction

Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

Product Specification

- Alloy Or Not: Alloy
- Wall Thickness: 1-20mm Or As Required
- Out Diameter: 2-50mm Or As Required
- Test: We Can Accept The Third Inspection.
- Color: Silver
- Trade Terms: FOB,CIF,CFR,EXW
- Place Of Loading: Shanghai Port
- Highlight: 3 inch thickness 7075 aluminum tubing , welded 7075 aluminum tubing, 3 inch thickness 7075 aluminum pipe

Product Description

Product Description:

Aluminium Pipe is an essential component in a variety of applications. It is made of high-quality 7075 aluminum alloy, 5083 aluminum alloy and other alloys, with a silver color. Its outer diameter is available in a wide range of sizes, from 2-50mm or as per customer's requirements. Its superior properties of light weight, high strength, corrosion resistance and excellent thermal conductivity make it a popular choice for many industries. Sample is available upon request.

Features:

Product Name	Aluminum pipe/tube
Shape	Round, square, flat, rectangular, hexagonal, etc.
Standard	ASTM,JIS,SUS,EN,DIN,GB,etc.
Diameter	2-50mm or as required
Length	1-12m or as required
Surface	Oxidation, embossed, mill, bright, polished, hairline, brush, sandblast, checkered, etc.
Grade	1000 Series: 1050 1060 1070 1100 1199 1200 1235 etc. 2000 Series: 2011, 2014, 2017, 2024 etc. 3000 Series: 3003 3004 3005 3104 3105 3A21 etc. 5000 Series: 5005 5052 5083 5086 5154 5182 5251 5754 etc. 6000 Series: 6101, 6003, 6061, 6063, 6020, 6201, 6262, 6082 etc. 7000 Series: 7003 7005 7050 7475 7075 etc. 8000 Series: 8011 etc.
Loading Port	Shanghai port or any port in China
Payment Terms	30%T/T + 70% balance; FOB, CIF,CFR,EXW.
Application	In furniture, windows doors, decorations ,industry, construction etc.

Detailed Photo:

Inspection:

1. Aluminum tube/pipe

2. Length width test

3. Edge measurement

4. Tensile testing machine

5. Hardness tester

6. Bending test

Applications:

Aluminium Pipe from Chinalco is a preferred choice for many industrial and commercial applications. The aluminium alloy is the most commonly used one for making the pipes and it has excellent characteristics such as high corrosion resistance, excellent weld-ability, and high strength. Other alloys like 1050, 6063 and 2024 are also available. These pipes are widely used in construction, marine and aerospace, auto industry, electrical equipment, chemical industry and other areas.

Support and Services:

We provide a wide range of technical support for our Aluminium Pipe products, including:

- Installation assistance
- Troubleshooting support
- Product replacement and repair
- Software and firmware updates
- User guides and manuals

We also offer a variety of services, including:

- Telephone and online support
- On-site service and maintenance
- Product training and education
- Extended warranty options

Packing and Shipping:

The aluminium pipes are packaged in individual boxes with foam padding to protect them from damage during transit. The packages are then placed into shipping boxes with additional foam padding for extra protection. The boxes are then labelled with a shipping address and tracking number for easy tracking and delivery.

FAQ:

Q.What kind of work does your company do?

A:Our company is a professional manufacturer.

Q. Do you provide free samples?

A:Yes, we can provide free sample for testing, buyer should bear all the shipping costs.

Q. How long is your delivery time?

A:Generally it is 3-7 days if the goods are in stock or it is 7-15 days if the goods are not in stock, it is according to quantity.
