

7005 6061 6063 Aluminum Alloy Pipe Square Shape 50 X 50mm Diameter Anodized For Industry

Our Product Introduction

For more products please visit us on aluminium-sheetcoil.com

Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

Product Specification

- Product Name: Aluminium Pipe
- Shape: Round,square,rectangle
- Surface Treatment: Polished
- Out Diamater: 2-50mm Or As Required
- Trade Terms: FOB,CIF,CFR,EXW
- Length: 1000mm-11000mm Or As Required
- Place Of Loading: Shanghai Port
- Color: Silver Or As Required
- Highlight: 6061 aluminum alloy pipe,
anodized aluminum alloy pipe,
square shape 7005 aluminum tubing

Product Description

Alloy 7005 6061 6063 Aluminium Pipe Square Shape 50 x 50mm Diameter Anodized For Industry

Product Description:

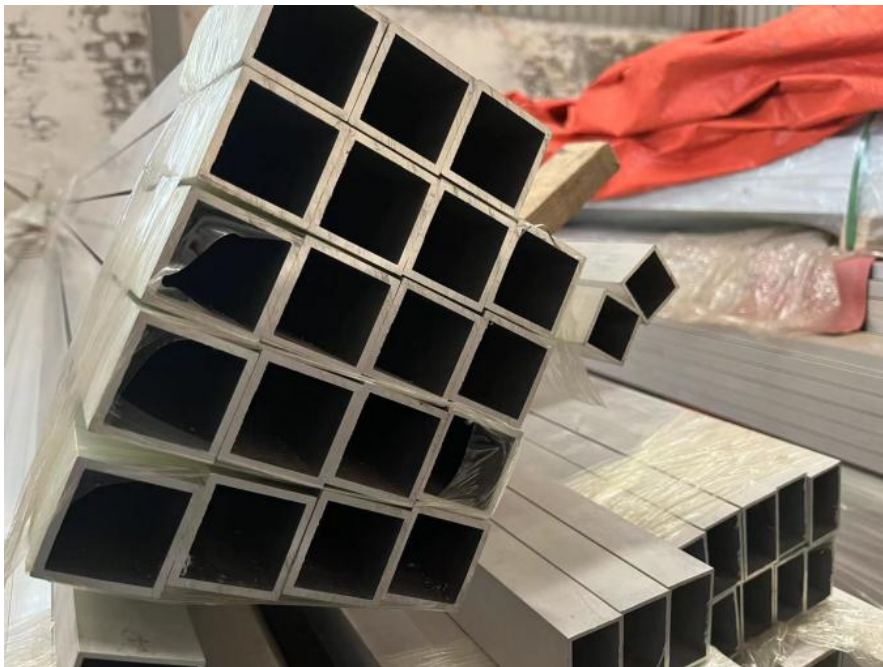

Aluminum is a light silver metal, which is malleable and usually made in column, rod, sheet, foil, powder, strip and filamentous form. The weight of Aluminum is light and the corrosion resistance of that is excellent, which are two outstanding characteristics of its performance.

Classification: Rolling material, Casting material, Non-treated alloy, Pure aluminum alloy (1000 series), Aluminum copper alloy (2000 series), Aluminum manganese alloy (3000 series), Aluminum silicon alloy (4000 series), Aluminum magnesium alloy (5000 series), Aluminum magnesium silicon alloy (6000 series), Aluminum zinc magnesium alloy (7000 series), Aluminum and other elemental alloys (8000 series)

Features:

Aluminum Pipe/Tube	
1000 Series	Industrial Pure Aluminum(1050,1060 ,1070, 1100)
2000 Series	Aluminum-copper alloys(2024(2A12), LY12, LY11, 2A11, 2A14(LD10), 2017, 2A17)
3000 Series	Aluminum-manganese alloys(3A21, 3003, 3103, 3004, 3005, 3105)
4000 Series	Al-Si alloys(4A03, 4A11, 4A13, 4A17, 4004, 4032, 4043, 4043A, 4047, 4047A)
5000 Series	Al-Mg alloys(5052, 5083, 5754, 5005, 5086,5182)
6000 Series	Aluminum Magnesium Silicon Alloys(6063, 6061, 6060, 6351, 6070, 6181, 6082, 6A02)
7000 Series	Aluminum, Zinc, Magnesium and Copper Alloys(7075, 7A04, 7A09, 7A52, 7A05)
Thickness	0.5-200mm or as required
Diameter	10*10-200*200mm or as required
Length	2000mm,2440mm,6000mm,or as required.
Application	Lid Stock. Industrial Device, Storage. All Kinds of Containers, etc.
MOQ	1 ton
Packing	Seaworthy wooden pallet or according to client's requirement
Feature	High conductivity, good corrosion resistant performance, high latent heat of melting, high-reflectance, well welding property*, low strength, and not suitable for heat treatments.

Detailed Photo:

Applications:

Aluminum tube is widely used in all walks of life, such as: automobile, ship, aerospace, aviation, electrical appliances, agriculture, mechanical and electrical, household, etc. Aluminum tube is everywhere in our life.

Support and Services:

We provide our clients with comprehensive technical support and service for our Aluminium Pipes. Our technical support team are available 24/7 to answer any questions you may have about our products. We also provide a wide range of services, such as installation, customization, repair and maintenance. Our experienced professionals are always ready to provide you with the best possible solutions to meet your needs.

Packing and Shipping:

Aluminium Pipes are typically packaged in standard, water-resistant cardboard boxes or plastic bags. These packages are then secured in a wooden crate, or placed in a pallet, and secured with straps or shrink wrap. The Aluminium Pipes are transported in a truck or cargo ship, depending on the distance of the destination.

Certificate:

FAQ:

Q: Can you send samples?

A: Of course, we can send the samples to all parts of the world. Our samples are free of charge, but the customer needs to bear the express fee.

Q: What product information do I need to provide?

A: You need to provide the grade, width, thickness, coating and tonnage you need to buy.

Q: How long does your delivery time take?

A: Generally speaking, our delivery time is within 7-10 days. If the demand is very large or special circumstances occur, we may delay the delivery.
