

## Astm Anodized Welded 7075 T6 Aluminum Pipe Tube Polished Surface Be End

Our Product Introduction

For more products please visit us on [aluminium-sheetcoil.com](http://aluminium-sheetcoil.com)

### Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

### Product Specification

- Material: 2A12,2024,2014,5052,6351,6063,6060,6061,608
- Wall Thickness: 1-20mm Or As Required
- Length: 1000mm-11000mm Or As Required
- Alloy Or Not: Alloy
- Color: Silver
- Place Of Loading: Shanghai Port
- Sample: Available
- Surface Treatment: Polished
- Highlight: **astm 7075 t6 aluminum pipe,  
anodized 7075 t6 aluminum pipe,  
welded 7075 t6 tube**

## Product Description

### Product Description:

Aluminium Pipe is a kind of pipe made from 7075 Aluminum Alloy, 1050 Aluminum Alloy and 1060 Aluminum Alloy. It is widely used in various industries due to its good corrosion resistance and weldability. The surface of Aluminium Pipe is treated with polished, and its processing services include bending, decoiling, welding, punching and cutting. It is also an alloy material. Samples are available for customers, and we can accept third inspection for testing. Aluminium Pipe is a perfect choice for its excellent performance.

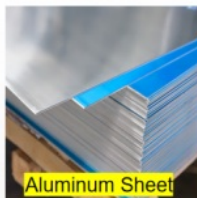

### Features:

Item	ASTM Anodized 7075 T6 Aluminium Tube / Aluminium Pipe
Standard	ASTMB209-04,B210M-05,B234M-04,B241-02,B221M-05a, AISI, SUS, EN573-3-2003, JISH4000-2006,H4080-2006,H4040-2006, DIN, GB/T3190-2008,3880.1-2006, 6893-2000,3191-1998,4437.1-2000, ASME,ISO3522-1984
Chemical Composition	Si≤0.40,Fe≤ 0.50,Cu1.2~2.0,Mn≤ 30,Mg 2.1~2.9,Cr0.18~0.28 Zn 5.1~6.1 Ti ≤0.20
Surface	Mill,polished,bright,hair line,brush
Thickness	0.5~150mm or as required
Diameter	2~2500mm or as required
Length	1~12mm or as you required
Application	1.Lighting,solar reflector plate. 2.architectural appearance, interior decoration:ceiling,metope, furniture,cabinets and so on. 3.elevator,nameplate, bags. 4.automotive interior and exterior decoration. 5. Interior decoration: such as photo frame. 6.household appliances, refrigerator, microwave oven,audio equipment. 7. Aerospace and aspects. 8, machinery parts processing, mold manufacturing . 9. chemical/insulation pipeline coating.
Payment Terms	T/T,L/C and Western Union
Price Term	FOB , CIF, CFR, EXW etd
Delivery Time	Normally according to the order quantity.

### Detailed Photo:

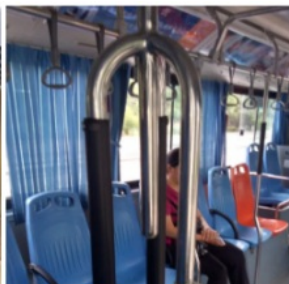

### More Products:

### Applications:

Aluminum Pipe is widely used in many applications and fields due to its excellent properties. The aerospace industry, template, fixture, military precision parts, CNC machining, mechanical equipment, mold processing.

### Support and Services:

Technical support and service for Aluminium Pipe is available for our customers. Our team of engineers can provide technical advice and assistance on product design, fabrication and installation. We can also provide solutions for any problems that may arise in the course of using our products. We offer free on-site training to ensure proper and safe installation, as well as ongoing maintenance and repair services.

## Packing and Shipping:

Aluminium pipes are typically packaged in bundles, depending on the size of the pipe and the application. Bundling helps to protect the pipes from damage during shipping and transport. The pipes may also be wrapped in plastic or a protective covering to prevent oxidation. When shipping aluminium pipes, it is important to take precautions to ensure the pipes arrive safely and undamaged. The pipes must be packed securely and be labeled properly. It is important to note the dimensions and weight of the package and any hazardous materials that may be present.

## FAQ:

Q: Can you send samples?

A: Of course, we can send the samples to all parts of the world. Our samples are free of charge, but the customer needs to bear the express fee.

Q: What product information do I need to provide?

A: You need to provide the grade, width, thickness, coating and tonnage you need to buy.

Q: About product price?

A: Due to the cyclical change of raw material prices, the prices are different in different periods.
