

## 6 Inch 7 Inch Alloy 6082 Aluminium Rod Extruded Mill Surface Cutting Length For Industry

### Our Product Introduction

#### Basic Information

- Place of Origin: Jiangsu,China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T(30% Deposit),L/C
- Supply Ability: 20000tons/year

#### Product Specification

- Applications: Building Construction,decoration, Chemical Industry Container
- Diameter: 2mm-100mm Or As Required
- Trade Terms: FOB CIF CFR EXW
- Color: Silver White, Black, Can Be Customized According To User's Requirements
- Processing Service: Bending, Decoiling, Welding, Punching, Cutting
- Material: 6061 6063 6082
- Highlight: **6 inch 6082 aluminum rod ,  
industry 6082 aluminum rod ,  
7 inch aluminum alloy rod**

## Product Description

### Product Description:

Aluminum Bar is an extruded aluminum product that is very versatile and has a wide range of applications include a wide variety of products from medical assemblies, aircraft construction to structural components. Aluminum Flat bar has a high strength to weight ratio making it ideal for any application where parts need to be light.

### Features:

Product Name	Aluminum Rod / Aluminum Bar
Standard	ASTM B221/ASTM B209/ASTM B210/GB/T3190-2008/GB/T3880-2006/JIS H4000-2006,etc
Grades	1000 Series:1050/1060/1100 2000 Series:2011/2014/2017/2024/2219 3000 Series:3003/3004/3005/3105 5000 Series: 5005/5050/5042/5052/5056/5083/5086/5754 6000 Series: 6060/6061/6063/6082 7000 Series: 7049/7050/7075/7175 8000 Series: 8011
Temper	O-H112 /T3-T8 /T351-T651 /T351-T851
Quality Control	Mill Test Certification is supplied with shipment,Third Part Inspection is acceptable.
Surface	Bright,polished,hair line,brush,sand blast,checkered,embossed,etching,etc
Package	Standard Seaway Packing,Wooden case can be also provided.
Application	1)Further making utensil. 2)Solar reflective film 3)The appearance of the building 4)Interior decorating:ceilings,walls,etc. 5)Furniture cabinets 6)Elevator decoration 7)Signs,nameplate,bags making. 8)Decorated inside and outside the car 9)Household appliances:refrigerators,microwave ovens,audio equipment,etc. 10)The consumer electronics:mobile phones,digital cameras,MP3,U disk,etc. 11) Industry Products

### Detailed Photo:

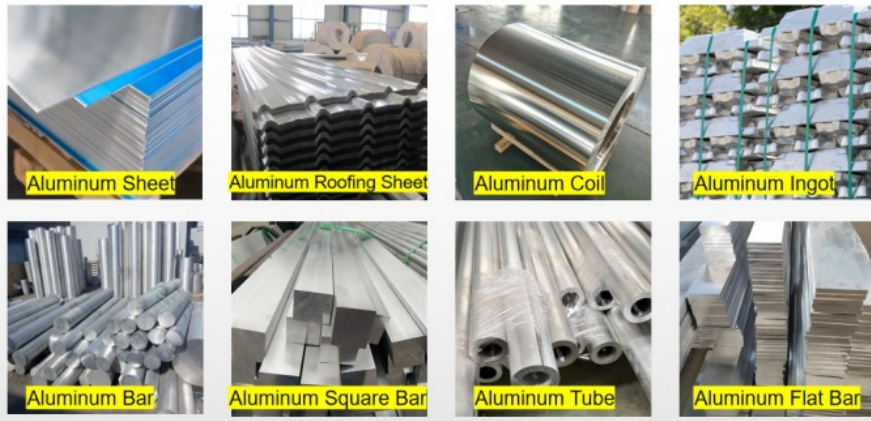

### Applications:

Aluminium rod is an essential material for many industrial and commercial applications.

### Recommend Productuts:

## Support and Services:

We provide professional technical support and services for Aluminium Rods. Our team of experienced specialists can work with you to provide the best solutions to meet your needs. We offer a wide range of services, including:

Design and engineering of Aluminium Rods

Fabrication and machining of Aluminium Rods

Testing and inspection of Aluminium Rods

Installation and maintenance of Aluminium Rods

We also offer comprehensive after-sales service to ensure that your Aluminium Rods are installed correctly and remain in proper working condition. Our team of experienced engineers and technicians can provide on-site support and advice to ensure that your Aluminium Rods are always running at peak performance.

## Packing and Shipping:

Aluminium rods are generally packaged in wooden boxes, cardboard cartons, or plastic bags and shipped in accordance with the customer's requirements. If the customer requires special packaging, the supplier should be consulted to determine the best way to package the product.

The rods should be transported in a manner that minimizes the risk of damage or corrosion. The transportation should be well ventilated and kept away from heat sources and moisture. The rods should be stored in a dry and cool place, away from direct sunlight.

## FAQ:

Q:What's your company payment methods?

A:30% T/T deposit, 70% T/T balance payment before shipment. More payment methods depend on your choices.

Q:Can you accept small orders?

A:If we have the exactly materials in stock, we can delivery even 1 piece. If we don't have the goods in stock, the MOQ is normally 1 ton.

Q:Do you guarantee safe and reliable delivery of products?

A:Yes, we always use high-quality packaging for shipping. We usually pack the products with a soft material such as polyethylene foam, and then pack it in wooden cases to ensure the safety of the product in the process of transportation.
