

ASTM 3003 Aluminum Sheet Al - Mn Alloy 1220mm Width Mill Finish Blue Film

Our Product Introduction

For more products please visit us on aluminium-sheetcoil.com

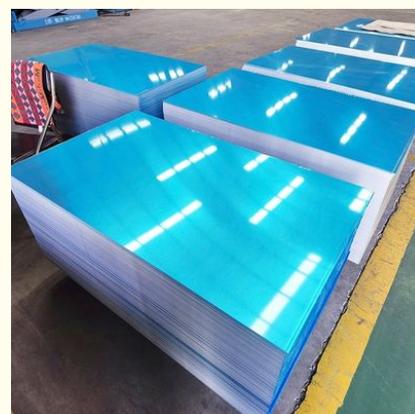

Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

Product Specification

- Thickness: 0.6-12mm Or As Required
- Material: Aluminium
- Trade Terms: FOB CIF CFR EXW
- Packaging: Standard Seaworthy Packing
- Application: Building Construction, decoration, Chemical Industry Container
- Product Name: Aluminium Sheet Plate
- Shape: Flat Plate Sheet
- Width: 600-2300mm Or As Required
- Highlight: **ASTM 3003 aluminum sheet, Mill Finish 3003 aluminum sheet**

Product Description:

The Aluminium Plate Sheet is made from 3003 Aluminum Sheet, which is a type of aluminum alloy sheet known for its high strength, corrosion resistance, and weldability. This makes it suitable for use in marine environments, hence its name "Marine Grade Aluminum Sheet". The alloy aluminum sheet is also lightweight, making it easy to transport and handle.

Overall, the Aluminium Plate Sheet is a reliable and versatile product that meets the high standards of various industries. Its superior properties, including its strength, corrosion resistance, and lightweight, make it a preferred choice for different applications.

Features:

Product Name	3003 aluminum sheet plate
Standard	ASTM B221/ASTM B209/ASTM B210/GB/T3190-2008/GB/T3880-2006/JIS H4000-2006,etc
Grades	1000 Series:1050/1060/1100 2000 Series:2011/2014/2017/2024/2219 3000 Series:3003/3004/3005/3105 5000 Series: 5005/5050/5042/5052/5056/5083/5086/5754 6000 Series: 6060/6061/6063/6082 7000 Series: 7049/7050/7075/7175 8000 Series: 8011
Temper	O-H112 /T3-T8 /T351-T651 /T351-T851
Quality Control	Mill Test Certification is supplied with shipment,third Part Inspection is acceptable.
Surface	Bright,polished,hair line,brush,sand blast,checkered,embossed,etching,etc
MOQ	500KG
Delivery Time	5-10 days after the deposit received,depends on the specific quantity.
Package	Standard Seaway Packing,wooden case can be also provided.

Applications:

The Aluminium Plate Sheet has a wide range of applications in different industries, including:

Marine industry: used for shipbuilding, boat building, and other marine applications due to its corrosion resistance and strength.

Construction industry: used for roofing, cladding, and facades due to its durability, lightweight, and aesthetic appeal.

Transportation industry: used for manufacturing vehicles, such as trucks, trailers, and trains, due to its strength and lightweight.

Aerospace industry: used for manufacturing aircraft parts and components due to its high strength-to-weight ratio.

Industrial machinery: used for manufacturing machines and equipment that require strong and durable materials.

Parts

Packing and Shipping:

The packaging process includes:

Each sheet is individually wrapped in protective layers to prevent any scratches or damage.

All sheets are then stacked and secured with strong straps to prevent shifting during transportation.

The entire package is then placed in a sturdy wooden crate for added protection.

The Sample Delivery

FAQ:

Q1: Are you trading company or manufacturer?

A: We are a professional aluminum trading company and have our own factory, which can solve any aluminum related needs for you.

Q2: How long is your delivery time?

A: About 15-20 days, depends on the specific quantity.

Q3: What's your payment term?

A: Down payments 30% TT and 70% of the balance payment shall be paid before delivery.

Q4: Can you provide free sample?

A: We can only provide free samples of small aluminum strip.
