

5083 Aluminum Checker Plate Sheet H111 Silver Color Embossed Cutting Size

Our Product Introduction

For more products please visit us on aluminium-sheetcoil.com

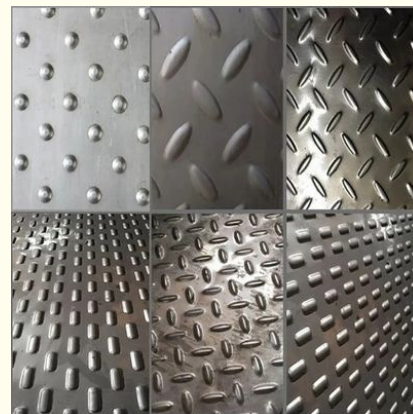

Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Price: Negotiable
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

Product Specification

- Pattern: Diamond, Orange Peel, 5 Bars, 3 Bars, 2 Bars, 1 Bar, Etc.
- Length: 1000mm-12000mm Or As Required
- Width: 100mm-2600mm Or As Required
- Thickness: 0.2mm-6mm Or As Required
- Edge: Mill Edge, Cut Edge
- Temper: H14, H16, H18, H22, H24, H26, O, Etc.
- Price Term: FOB, CFR, CIF, EXW, Etc.
- Application: Decoration, Construction, Transportation, Etc.
- Highlight: 5083 aluminum checker plate sheet, embossed aluminum checker plate sheet, 5083 aluminium checker plate sheet

Product Description:

This product, also known as Aluminum Checker Plate, is a type of aluminum alloy sheet with a unique diamond plate pattern. It is widely used in various industries such as decoration, construction, transportation, and many more. Its versatility and durability make it a popular choice among customers.

The Aluminum Checkered Plate is made of high-quality aluminum alloy, ensuring its strength and durability. It is a lightweight material with a low density, making it easy to handle and transport.
Surface Treatment

The Aluminum Checkered Plate, also known as Alloy Aluminum Sheet, is a highly versatile and durable product. Its diamond plate pattern and slip-resistant surface make it an ideal choice for various applications. With its various grades and surface treatments, customers can find the perfect option to meet their specific needs. Its lightweight and corrosion-resistant properties make it a cost-effective and practical choice for different industries. Trust in the quality and reliability of our Aluminum Checkered Plate for your next project!

Features:

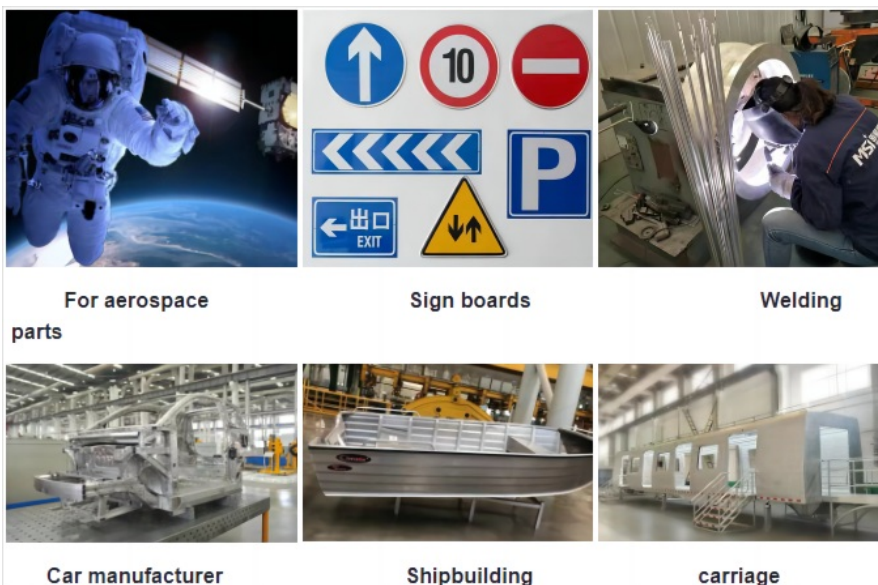

Aluminium Checkered Plate				
Aluminium Alloy	Thickness (mm)	Width (mm)	Length (mm)	Temper
A1050, A1050, A1070, A1100	1.0-10mm	800-1900	1000-8000	O,H12,H14,H16,H22,H24,H26
A3003, A3004, A3105	1.0-10mm	800-1900	1000-8000	O,H12,H14,H16,,H22,H24,H26
A5052, A5005, A5083, A5754	1.0-10mm	800-1900	1000-8000	O, H12, H14, H34, H32, H36, H111, H112
Material process	CC AND DC			
Customerize size	Standard size: 1000x2000mm/1200x2400/1220x2440/1250x2500/1500x3000mm			
	Size can be produced as per clients requirement			
Surface	Mill finish,bright finish(five bar /two bar / one bar) ,Anodizing,black coated			
Bar height	over 0.80mm			
Quality Standard	ASTM B209,EN573-1			
MOQ per size	1 ton			
Payment Terms	TT OR 100% LC AT SIGHT			
Delivery time	Within 7-10 days after receipt the L/C or deposit,depends on the quantity			
Material Quality	Tension levelled ,flat ,Free of defects like oil stain,Roll Marks,Waves,Dents			
	scratches etc ,A+++ quality, production process passed sgs inspection			
Application	Anti-slipping floor, tool box ,decoration ,truck body ,etc			
Packing	Standard export worthy wooden pallets,and standard packing is about 2 tons/pallet			
	Pallet weight also can be as per client's requirement			

Detailed Photo:

Applications:

The Aluminum Checkered Plate is suitable for a wide range of applications. It is commonly used for decoration purposes in interior design, such as wall cladding, flooring, and ceiling. It is also used in construction for exterior walls, roofing, and structural components. In the transportation industry, it is used for truck bed liners, vehicle flooring, and trailer walls. Additionally, it can also be used in the manufacturing of electronic equipment, furniture, and household appliances.

Packing and Shipping:

The Aluminum Checkered Plate is packaged and shipped in the following ways:

Each plate is individually wrapped with plastic film to protect against scratches and damage during transportation.

Plates are then stacked and securely packed in wooden crates or pallets.

The crates or pallets are then wrapped with plastic film for additional protection.

For international shipping, we use reputable shipping companies to ensure timely and safe delivery. Our experienced team carefully loads the crates or pallets onto the shipping container, taking all necessary precautions to prevent any damage during transit.

The Sample Delivery

FAQ:

Q:Can you send samples?

A:Of course, we can send samples to all parts of the world, our samples are free, but customers need to bear the courier costs.

Q:What product information do I need to provide?

A:You need to provide the grade, width, thickness, number of tons you need to purchase.

Q:What are the shipping ports?

A:Under normal circumstances, we ship from Shanghai, Tianjin, Qingdao, Ningbo ports, you can choose other ports according to your needs.
