## Product Description

### 6061 T6 Aluminium Pipe Seamless Anodized Round Tube Laser Cutting For Air Condition

#### Description

6061 aluminum rectangular tubing is widely used for fabrication projects where its lightweight properties and corrosion resistance play into its versatility. 6061 rectangular AL tubing can be heat treated and provides good weldability and machinability for a wide range of structural applications. Compared to 6063 AL, it offers a higher strength ratio than aluminum 6063.
