

Cutting Aluminum Coil 4X8FT/5X10FT/Customize for Processing Requirements

Our Product Introduction

Basic Information

- Place of Origin: Jiangsu China
- Brand Name: Chinalco
- Certification: ASTM GB EN
- Model Number: 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Minimum Order Quantity: 1 TON
- Packaging Details: Standard Seaworthy Packing
- Delivery Time: 7-10 days, or depends on the specific quantity
- Payment Terms: T/T,L/C
- Supply Ability: 20000tons/year

Product Specification

- Ace Treatment: Coated
- Size: 4X8FT/5X10FT/Customize
- Temper: O, H12, H14, H16, H18, H22, H24, H26, H32, H34, H36, H38
- Length: Customers' Requirement
- Processing Service: Bending, Decoiling, Cutting
- Oem: Available
- Shape: Round Roll
- Service: Cutting,Welding,Punching Etc
- Highlight: **aluminum coil 4x8ft cutting, aluminum coil 5x10ft processing, custom aluminum coil for processing**

Cutting Aluminum Coil 4X8FT/5X10FT/Customize for Processing Requirements

Product Description

Aluminium coils are a versatile and essential material in various industries, prized for their lightweight yet durable properties. Among the range of aluminium coils available, the 1060 Aluminum Coil and 5052 Aluminum Coil are particularly popular choices due to their excellent performance and quality.

The Aluminium Coil is offered in a roll type, providing flexibility and ease of use for a wide range of applications. Available in sizes of 4X8FT, 5X10FT, or customizable dimensions, the Aluminium Coil can be tailored to meet specific project requirements, ensuring optimal results.

One of the key advantages of the Aluminium Coil is its versatility in processing, with services such as cutting, welding, punching, and more available to facilitate seamless integration into various projects. Whether for construction, manufacturing, or other applications, the Aluminium Coil can be customized to suit diverse needs with precision and efficiency.

When it comes to sourcing Aluminium Coils, the port of origin is a crucial consideration. The Aluminium Coil is available from ports such as Qingdao, Tianjin, and Shanghai, ensuring convenient access to high-quality materials for projects worldwide.

For enhanced performance and durability, the Aluminium Coil is offered in various temper options to suit different requirements. Temper options include O, H12, H14, H16, H18, H22, H24, H26, H32, H34, H36, and H38, providing flexibility in meeting specific performance needs.

Manufactured to meet ASTM standards, the Aluminium Coil guarantees quality and reliability for a wide range of applications. Whether for structural components, roofing, or decorative elements, the ASTM Standard Aluminium Coil delivers consistent performance and longevity, making it a preferred choice for demanding projects.

Features

- Product Name:** Aluminium Coil
- Length:** Customers' Requirement
- Port:** Qingdao, Tianjin, Shanghai
- Processing Service:** Bending, Decoiling, Cutting
- Sample:** We Can Provide It
- Alloy Or Not:** Is Alloy

Technical Parameters

Parameter	Value
Tolerance	±0.02mm-±0.05mm
Oem	Available
Shape	Round Roll
Processing Service	Bending, Decoiling, Cutting
Length	Customers' Requirement
Alloy Or Not	Is Alloy
Temper	O, H12, H14, H16, H18, H22, H24, H26, H32, H34, H36, H38
Inspection	The Third Inspection Can Be Accepted
Surface	Mill Finish, Mirror Finish, Anodized, Color Coated
Type	Roll

Applications

Aluminium coils from Chinalco, available in various models including 1050, 1060, 2024, 5052, 6061, 6063, 6082, 7075, and 8011, are versatile products suitable for a wide range of applications across different industries. With a place of origin in Jiangsu, China, these coils are certified by ASTM, GB, and EN standards, ensuring high quality and reliability.

The minimum order quantity for these aluminium coils is 1 ton, and they come in standard seaworthy packaging for safe transportation. Delivery time typically ranges from 7 to 10 days, depending on the specific quantity ordered. Customers can choose from payment terms including T/T and L/C, making transactions convenient and flexible.

With a supply ability of 20000 tons per year, Chinalco's aluminium coils are ideal for various scenarios. The coils are treated with a special coating for enhanced durability and performance. Their round roll shape makes them easy to work with and suitable for diverse applications.

These coils can be shipped through ports such as Qindao, Tianjin, and Shanghai, offering convenience and accessibility. Additionally, samples are available upon request, allowing customers to assess the quality and suitability of the product before making a purchase.

Whether you need 5052 aluminum coil, 1060 aluminum coil, or any other model from Chinalco, these products can be customized to meet customers' specific length requirements. Their versatility, quality, and reliability make them a preferred choice for various industries and applications.

Customization

- Brand Name:** Chinalco
- Model Number:** 1050 1060 2024 5052 6061 6063 6082 7075 8011
- Place of Origin:** Jiangsu China
- Certification:** ASTM GB EN
- Minimum Order Quantity:** 1 TON
- Packaging Details:** Standard Seaworthy Packing
- Delivery Time:** 7-10 days, or depends on the specific quantity
- Payment Terms:** T/T, L/C
- Supply Ability:** 20000 tons/year
- Type:** Roll
- Surface:** Mill Finish, Mirror Finish, Anodized, Color Coated
- Service:** Cutting, Welding, Punching Etc
- Processing Service:** Bending, Decoiling, Cutting
- Port:** Qindao, Tianjin, Shangha
- Keywords:** ASTM Standard Aluminum Coil, 7075 Aluminum Coil, 6061 Aluminum Coil

Support and Services

Our Product Technical Support and Services for Aluminium Coil include:

- Assistance with product selection and specifications
- Guidance on installation and usage
- Troubleshooting and problem-solving
- Maintenance tips and recommendations
- Warranty information and claims processing

Packing and Shipping

Product Packaging: The Aluminium Coil will be securely wrapped in protective material to prevent any scratches or damage during transportation. It will then be placed in a sturdy cardboard box with additional padding for extra protection.

Shipping: We offer reliable shipping services to deliver the Aluminium Coil to your desired location. The product will be carefully handled to ensure safe transport and timely delivery. Tracking information will be provided so you can monitor the status of your shipment.

FAQ

Q: What is the brand name of this Aluminium Coil product?

A: The brand name of this Aluminium Coil is Chinalco.

Q: What are the available model numbers for the Aluminium Coil?

A: The available model numbers for the Aluminium Coil are 1050, 1060, 2024, 5052, 6061, 6063, 6082, 7075, and 8011.

Q: Where is the Aluminium Coil manufactured?

A: The Aluminium Coil is manufactured in Jiangsu, China.

Q: What certifications does the Aluminium Coil have?

A: The Aluminium Coil is certified by ASTM, GB, and EN standards.

Q: What is the minimum order quantity for the Aluminium Coil?

A: The minimum order quantity for the Aluminium Coil is 1 ton.
